

Reach your goals with Xero Cashbook

Xero Cashbook is cloud software that tells you everything you need to know about your finances. Only available from your financial advisor.

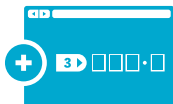

Your numbers at your fingertips

Look at your figures and check your budgets whenever you want. Cashbook is built in the cloud so you can login anywhere, anytime, from any device.

Always up-to-date

No more checking statements at the end of the month. Cashbook connects to your bank and brings in transactions every morning for you to categorise.

Take the pain out of tax time

When it comes to tax time, all your deductions are in Cashbook. If you need receipts, just take a photo and upload it next to each deduction.

Simple and secure

Breathe easy. Cashbook is as secure as your internet banking, and Xero are always testing to make sure nobody can sneak in.
